Mcy 284-32-1

Respected Sir,

We the Members of the Central Unani Medical Practitioners Association in Mysore State, Bangalore, beg permission to place the following few facts pertaining to the Unani Section of the Aurvedic and Unani College, Mysore, with the fervent hope that they will receive due consideration at your honour's hands.

As your honour is aware the Unani Section was started in 1928 and has since then being continued, Government have been spending a few thousand rupees over this section. During last year a few students passed, for the first time, the final examination after undergoing the prescribed course of training. It is to be regretfully pointed out that the standard of efficiency of these passed out candidates is far below that of those of other such Colleges. It may be stated, without out the least doubt, that these students are not in a position to start independant practice for want of precise knowledge of the science. This difficiency is to be attributed to the method of teaching as well as the practical training important. Though the syllabus prescribed is of a high standard, it does not seem to have been followed in actual practice. We have gone into these details only to point out to you that the College is not serving the purpose for which it was started though nominally it may be stated that it has been producing a few Hakims.

The whole crak of the difficiency, seems to us, to be done for want of proper co-ordination between the theoritical teaching and practical course. At present the Hospital staff is independant of the College Central and Vice versa with the result

that what is taught on the theoritical side is not actually practiced and demonstrated on the practical side. With a view to over-come these draw-backs and to enable the College to be run on more efficient lines the following suggestions are brought to your honour's consideration. They are based on Practical experience.

1. The first and foremost need of the College is the appointment of a highly qualified Hakim of repute and standing as the Superintendent of the Unani Section as a whole as the present bifurication of the College and Hospital Sections has contributed to lack of co-ordination between the two sections. He will be the Superintendent of the Hospital and exercise technical supervision over the College section without prejudice to the disciple may control of the head of the Institution. i.e., Principal. His pay may be fixed as that of the Superintendent, of the Aurvedic Section.

2. As the prosent Assistants of the Hospital are not well qualified a suitable Hakim may be appointed as a Resident Unani Medical Officer.

3. Another important - point is that of admissions. The Standard prescribed in the College prospectus for admissions does not seem to be strictly adhered to some relaxations are also shown. This should be discontinued and only qualified candidates admitted, if necessary, by the enhancement of the present rate of scholarships.

4. Surgeory is being taught only as theoritical subject and proper arrangements are ot made for practical training. Necessary arrangements may be made for this and desection section also attached thereto.

5. No examination is being held in the practical side of the course. It is very essential that the students should be examined on this side of their course with a view to see whether they can propare medicines, write proper prescriptions, attend the patients &c., Suitable instructions may be issued in this respect.

6. A Botanical garden with every sort of herbs may be attached and the student made to compulsorily attend this branch of training as it is the most important side of the science.

7. A few medical grads may be deputed for Unani training with special scholarships for the purpose being appointed as teachers in the College.

The following other suggestions are submitted for kind consideration:-

(8) 1. The Hospital may be immediately shifted from its present place as it is not suitable for the as it is located in a crowded locality much

disturbance is caused to the patients on account of heavy traffic.

(9) 2. A few nurses may be appointed to attend on the patients as the present appointment of wards Assistants is unsuitable and this system does not exist anywhere else.

3. We have been repeatedly requesting for a representation on the College Committee. One or two representations may be kindly given to us with a view to serve the Institution. We always be glad to give any suggestions etc., required on the technical side of the Unani Medical Science.

We beg to remain,
Respected Sir,
Your most obedient servants,

Bangalore,
27th May 1933.

GEN'L & REV. SECTT.
14 MAR.

No. D Dis 743 Que One 2 / 33-34 Office of the Muzrai Commissioner in Mysore,
Bangalore dated 10th March 1934.

From

Mys 284-32-3

N. Madhava Rau, Esq., B.A., B.L.,
Muzrai Commissioner in Mysore.

To

13/3

S. Shamanna, Esq., B.A.,
Secretary to the Government of Mysore,
Financial Department.

Sir,

With reference to your letter No.1827/Muz.284-32-2 dated 23rd June 1933 forwarding for report the representation of the Central Unani Medical Practitioners' Association suggesting certain improvements in the working of the Unani Section of the Ayurvedic and Unani College, Mysore, I have the honor to state that action has already been taken on most of the points urged in the representation on the notes of inspection of my predecessor, Mr. S. Hiriannaiya. A copy of the College Principal's letter No.557 dated 3-2-1934 furnishing detailed information re: the action taken or proposed to be taken on the various points referred to in the representation is enclosed for information.

2. The request of the Association for one or two representatives on the Committee cannot be entertained as this would involve additional cost in the shape of travelling and other allowances.

I have the honor to be,

Sir,

Your most obedient servant,

For Muzrai Commissioner.
Absent from HQ

11

No.557 dated 3-2-34 from the Principal, Government Ayurvedic and College, Mysore to the Vice President, Government Ayurvedic and nani College Committee, Mysore.

With reference to the Vice President's No.207/14-11-33 and in continuation of this office No.303 dated the 3rd November 33, I have the honor to report as follows re: the proposals of the Central Unani Medical Practitioner's Association.

1. It has been proposed already to revive the Government Order vesting the duties of the Principal and Superintendent in one person, i.e., the Principal of the College, whereby the co-ordination referre to by the Association can be brought about.

2. The proposal No.2 of the Association re: the appointment of a R.M.O. well qualified. The present R.M.O. appointed by the Governmer is well qualified in Unani and Allopathy, being a passed candidate ir L.M.P.

3. Re: Admission.- The Committee have decided that only candidat possessing the general educational qualification fixed by them should be admitted. And they have also proposed to raise the present rate of scholarship.

4. The authorities have been actively considering the question of opening a Surgical Section on practical lines.

5. The Committee have proposed to encourage comparative study of Allopathy and Indigenous systems. Please vide the Association's proposal No.7.

6. The proposals of the Association Nos. 5 and 6 are already in effect. Practical lessons are being given in the various sections of the Hospital and the Herb garden attached to the College.

The Hospital will be shifted to the College building after the proposed outhouses are put up. The subject of appointing nurses in place of the present Ward Assistants was discussed and deferred for later consideration.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No. 366 Mg 284-32-4

Dated, Bangalore, 10th Apl. 1934.

From

The Financial Secretary to the Government of His Highness the Maharaja of Mysore.

To

The Honorary Secretary,
The Central Unani Medical Practitioners' Association, Bangalore.

Sir

Dear Sir,

With reference to your representation dated the 27th May 1933 addressed to the Officiating Dewan, suggesting certain improvements in the working of the Ayurvedic and Unani [illegible]e, Mysore, I am directed to state below for your information the stages in which the several points referred to therein stand at present:

Point 1. Regarding the appointment of a highly qualified Hakim as Superintendent of the Unani Section of the College and also of the Hospital, it is proposed to revive the Government order vesting the duties of the Principal and Superintendent in one person i.e. in the Principal of the College so as to bring about the co-ordination between the two sections.

Point2. Regarding the appointment of a well qualified R.M.O. for the Unani Hospital, it is considered that the present R.M.O. appointed by the Government is well qualified in Unani and Allopathy being a passed L.M.P. Candidate.

Point 3. As regards strict adherence to Admission Rules the College Committee have decided that only candidates possessing the general educational qualifications fixed by them should be admitted and they have also proposed to enhance the present rate of scholarship.

Point 4. The question of opening a surgical section on practical lines is under the active consideration of the authorities.

Points 5. & 6. The proposals about holding practical examinations and attaching a Botanical garden of all herbs to the Institution &c., are already in effect Practical lessons are being given in the various sections of the Hospital and the Herb Garden attached to the College.

Point 7. Regarding the selection of a few Medical Graduates for Unani training &c., the College Committee propose to encourage comparative study of Allopathy and Indigenous systems.

Point 8. The Hospital will be shifted from its present locality to the College building after the proposed outhouses are put up.

Point 9. The question relating to appointment of nurses in place of the present Ward Assistants has been discussed by the Committee and deferred for later consideration.

Yours faithfully,

for Financial Secretary to Government.
